OLDHAM COUNTY EMERGENCY MANAGEMENT

PRESS RELEASE

Open Burning Restrictions Begin May 1

April 23, 2019

FOR IMMEDIATE RELEASE

Oldham is one of several Kentucky counties that have, at one time or another, exceeded permissible air pollution levels for ozone and particulate matter. Open burning is a major contributor to ozone pollution during the warmer months of the year and most open burning is restricted to protect air quality.

From May 1 through September 30, the open burning of household rubbish, brush, tree limbs, leaves and natural growth from land clearing are not permitted in Oldham County.

For more information about open burning, contact the Kentucky Division for Air Quality at **502-782-6592** or via email at burnlaw@ky.gov. Additional information can also be found on the Department of Environmental Protection website at: <https://eec.ky.gov/Environmental-Protection/Air/Pages/Open-Burning.aspx>

Violating state air quality regulations could result in a fine of up to \$25,000 per day.

Attached is Page 6 of the Oldham County Open Burn Ordinance that references what kind of burning is allowed in Oldham County during the ban. The complete ordinance can be found on the county's website at www.oldhamcountyky.gov. Scroll to the bottom of the front page and click on Code of Ordinances. Then click on Title IX: General Regulations, Chapter 92, Fires and Smoking.

SECTION 4. ADDITIONAL RESTRICTIONS

Additional restrictions for counties, or portions of counties, designated or previously designated non-attainment for particulate matter for those counties, or portions of counties, which are, or were previously, designated moderate non-attainment for ozone pursuant to 401 KAR 51:010, or those counties, or portions of counties, which are or were designated non-attainment for the 8-hour ozone or PM_{2.5} (particulate matter) national ambient air quality standard, pursuant to 401 KAR 51:010. Fires may be set according to provisions of Section 3 of this ordinance except during the months of May, June, July, August and September. During these months the only open burning activities allowed are:

- (1) Fires set for the cooking of food for human consumption;
- (2) Fires set for prevention of a fire hazard, including disposal of dangerous materials if no safe alternative is available;
- (3) Fires set for recognized agricultural, silvicultural, range, or wildlife management practices;
- (4) Fires set for the purpose of disposing of accidental spills or leaks of crude oil, petroleum products or other organic materials, and the disposal of absorbent material used in their removal, if no other economically feasible means of disposal is available and practical. Permission shall be obtained from the cabinet and Oldham County Fiscal Court prior to burning;
- (5) Fires set for recreational or ceremonial purposes; and
- (6) Open burning shall comply with the fire hazard season requirements of KRS 149.400.
